ABOUT MACRIS

Macris School is a Catholic bilingual institution that strives to develop the mind, body, and spirit of every student. We seek to develop students of integrity who are prepared both academically and spiritually to excel in higher education and to be lifelong learners and leaders of positive change.

Macris is a Pre-K-12 school that is divided into a preschool, elementary school (1-6) and a high school (7-12) that enrolls approximately 1,000 students yearly. It follows the American and Honduran academic programs. Students are divided into three sections by grade of approximately 22-27 students in which they take classes together as a group. Academic levels of students are mixed each year according to academic achievement and analysis of conduct.

Macris High School has a college preparatory curriculum that prepares students to graduate earning both a Honduran and U.S. diploma. 80% of our classes are taught in English and only Honduran culture classes are taught in Spanish (Civics, Spanish, Honduran

History, etc.). Our students graduate earning both, a local Honduran diploma (known in Spanish as Bachillerato) and a U.S. High School diploma. Seniors are also required to complete 144 hours of community service, which usually consists of teaching English or literacy skills to Honduran children or adults in the local community.

AP COURSES

In addition to the already existing AP Calculus and AP Statistics courses, for the 2017 school year, Macris has added the following new courses to the 12th-grade curriculum: AP English Literature and Composition, AP U.S. History and Introduction to Business. Seniors now have the option to choose between AP Calculus, AP U.S. History or Introduction to Business. They also can opt for AP English Literature and Composition if they wish. Our goal is to offer seven AP courses by the 2018-2019 school year.

GPA CALCULATION

GPA calculation is based on the academic model suggested by College Board. Students normally take 40 credits per school year except for students who take AP courses or those who only complete the U.S. diploma and not the Honduran diploma.

HONOR ROLL

The breakdown of our Honor Roll marks is the following: High Honor Roll (95%-100%), Honor Roll (90%-94%) and Honorable Mention (85%-89%). In addition to achieving the specified averages, students must demonstrate excellent citizenship for the quarter. Students are ranked using the final average of yearly grades.

AWARDS AND DISTINCTIONS

Macris has won 1st place overall in the National Bilingual Math Olympics for 14 out of 16 years, 13 of them consecutively. Macris teams earned a Perfect Score twice in every single one of the seven categories of these competitions at the 2010 and 2015 National Bilingual Math Olympics; setting this and a number of records in Honduran Math Olympics history.
